Steering a genuine improvement in health and safety standards in the workplace and making compliance easy!

Health and Safety Advisors You Can Trust

We operate an honest, no-nonsense approach. Each member of our highly skilled consultancy team has the necessary qualifications, professional membership and experience to give accurate and relevant advice.

Our approach is to provide hands on help and make a real, tangible difference. Our clients have told us they see real improvements in workplace health and safety standards and modes of operation.

Our monthly retained health and safety consultancy service is designed to ensure your business complies with all applicable health and safety legislation, as well as safeguarding you against costly claims.

By using Navas Associates as your health and safety consultants you gain all the benefits from the hands-on assistance from our highly skilled team of health and safety consultants.

If you would like to discuss any of the services we offer or arrange a free initial consultation please call **01530 483008** or email Surveyors@navasassociates.co.uk who will be happy to assist you.

We have used Navas Associates on a number of occasions on a variety of projects; employing a wide range of skills and disciplines. In particular, Nick has helped us with pre and post contractual services, H&S and building design value engineering. They have always offered the project team sound advice and support in ensuring works are delivered on time, within budget parameters and completed to a high standard. We would have no hesitation in working with Navas Associates again.
